NEWS RELEASE

Teijin Signs UNGC Statement from Business Leaders for New International Cooperation

Tokyo, Japan, October 8, 2020 --- [Teijin Limited](#) announced today that the company's president and CEO, Jun Suzuki, signed the [United Nations Global Compact \(UNGC\)'s Statement from Business Leaders for Renewed Global Cooperation](#) on September 21.

The statement is aimed at steering the world onto a more equitable, inclusive and sustainable path by calling on business leaders across borders, sectors and generations to adapt to changing circumstances responsibly. Teijin believes that the purpose of the statement closely matches the company's philosophy and future direction, including commitments to society and calls on governments to renew their global cooperation.

The year 2020 marks the 75th anniversary of the United Nations and the 20th anniversary of the UNGC, which Teijin has participated in since 2011. The UNGC's ten principles are incorporated in Teijin's Code of Conduct and Human Rights Policy, which are collectively designed to ensure Teijin's socially responsible management as a global company. Also, Teijin aims to become a company that supports the society of the future and working towards the realization of a sustainable society by delivering solutions in the three fields of environmental value, safety, security and disaster mitigation, and demographic change and increased health consciousness.

Going forward, Teijin will continue to focus on people, deliver innovative solutions that enhance quality of life, while minimize any negative impact of its activities on the environment and society, ultimately to realize a more sustainable world.

About the Teijin Group

Teijin (TSE: 3401) is a technology-driven global group offering advanced solutions in the fields of environmental value; safety, security and disaster mitigation; and demographic change and increased health consciousness. Originally established as Japan's first rayon manufacturer in 1918, Teijin has evolved into a unique enterprise encompassing three core business domains: high-performance materials including aramid, carbon fibers and composites, and also resin and plastic processing, films, polyester fibers and products converting; healthcare including pharmaceuticals and home healthcare equipment for bone/joint, respiratory and cardiovascular/metabolic diseases, nursing care and pre-symptomatic healthcare; and IT including B2B solutions for medical, corporate and public systems as well as packaged software and B2C online services for digital entertainment. Deeply committed to its stakeholders, as expressed in the brand

statement “Human Chemistry, Human Solutions”, Teijin aims to be a company that supports the society of the future. The group comprises more than 170 companies and employs some 20,000 people across 20 countries worldwide. Teijin posted consolidated sales of JPY 853.7 billion (USD 8.0 billion) and total assets of JPY 1,004.2 billion (USD 9.4 billion) in the fiscal year that ended on March 31, 2020.
