Cautions for purchasing our carbon fiber filaments

The carbon fiber filaments manufactured by Teijin Limited or its group companies (“Teijin”) are export-controlled item subject to the export control laws of the countries where the carbon fiber filaments manufacturing base are located as well as the export control laws of the country the carbon fiber filaments are sold from. The export controls are based on the agreements of the international export control regimes of the Nuclear Suppliers Group and the Wassenaar Arrangement on Export Controls for Conventional Arms and Dual-Use Goods and Technologies as well as country specific laws and regulations.

Therefore, when exporting its carbon fiber filaments, Teijin complies with the export control laws of the countries where the manufacturing base is located, and sells only to the customers and end-users and for end-uses permitted by the export control authorities of the relevant countries. Teijin does not sell any carbon fiber filaments on E-commerce (EC) sites operated by other than Teijin.

Please note that Teijin is not responsible for any export violations, warranty claims, losses, or damages with regard to the carbon fiber filaments purchased through EC sites operated by other than Teijin or any sales or distribution not authorized by Teijin.
